Promote Digestion and Cure Dyspepsia.

These troubles are usually created by taking food in excess of the

sctual needs of the system.

Kidney Trouble, Bilious Disorders, Obesity, Jaundice, Dyspepsia,
Lumbago, Rheumatism, Gout and Apoplexy often follow disordered
conditions of the digestive organs.

Primary correction of these troubles is effected by stimulating and remary correction of these fronties is effected by stimulating and increasing the supply of nature's digestive fluid; the important factor in both curing and preventing all irregularities of the digestive organs and other diseases which are apt to follow. Eupepsia Tablets will cause the stomach and organs of digestion to perform their natural function by inducing an increased supply of gastric fluid.

of that is in the form of cash, whi is in the banks of Washington a His fortune, except perhaps \$12,00 has been acced since he was first a augurated President. The fact to it is in the form of cash shows h iclous the late President was of eputation. Offered many opportu-ies to add materially to his wealth peculation, Mr. McKinley invariab fused. He took the ground that President of the United States the not soil his dignity nor entwine his self in any scheme of money-making He lived simply and saved as much possible from his salary. In on that it might not be said that he w in anything that approached special tion he kept his wealth in the form
